

## Official Performance Dress Code - Symphonic Ensembles 2024

The appearance on stage of musicians from the University of Melbourne is a significant aspect of the concert experience for our audience. This applies not only to individuals, but more important to the appearance as a group. The Orchestra Manager on duty is responsible for monitoring dress standards on stage. If you are not sure if an item of dress is suitable, please ask. You will be advised before each performance which dress code is applicable.

Whilst respecting traditional orchestral concert attire, we also value gender diversity. Note in all cases slogans are not permitted anywhere on clothing and please be mindful to not wear anything that can be considered distracting. Religious headwear is permitted, in black. No watches are to be worn onstage.
